

## FOREIGN GUEST COACH POLICY

The Policy on Foreign Individual and Foreign Team Participation (FP Policy) states “Concurrent registration with more than one National Volleyball Federation is prohibited.” Therefore, coaches who reside outside of the United States and are registered with a foreign volleyball federation cannot be registered with USA Volleyball, nor with the USA Regional Volleyball Association (RVA) in which they are participating.

These individuals must complete the Foreign Participation registration form, not the USA Volleyball registration form. The Foreign Participation fee (\$10 to the national office) covers insurance. Please reach out to USAV at [membership@usav.org](mailto:membership@usav.org) to confirm eligibility and obtain a link to the Foreign Guest Coach Registration.

A Foreign Guest Coach of any team must meet the following criteria:

1. Be registered with their National Volleyball Federation.
2. Meet all criteria for a Foreign Team Participant as outlined in the current “Policy on Foreign Individual and Foreign Team Participation” in the Foreign Participation Policy document.
3. Be at least 19 years old or no longer eligible to participate as a junior player according to the Junior Player Age Definition.
4. Complete all Foreign Guest Coach membership requirements.
5. Complete the USAV Disqualification Review: present a Letter of Good Standing or documentation from their Federation that states they are registered, in good standing and has the Federation's permission to assist a team in the United States. **This** document can be emailed to [membership@usav.org](mailto:membership@usav.org) at any point after obtaining the membership.
